

historical materialism

research in critical marxist theory

Fifth *Historical Materialism* Annual Conference 'Many Marxisms'

7–9 November 2008

at the School of Oriental and African Studies, London, WC1

In association with *Socialist Register* and the Isaac and Tamara Deutscher Memorial Prize Committee

The annual Historical Materialism conference is organised by the editorial board of *Historical Materialism* in association with the Deutscher Memorial Prize committee and the *Socialist Register*. The conference has become an important event on the Left, providing an annual forum to discuss recent developments on the agenda of historical-materialist research and has attracted an increasingly high attendance over the past four years. The Editorial Board of *Historical Materialism* welcomes attendance and active engagement in discussion with panellists from new as well as prior participants with an interest in critical-Marxist thought.

One of the principal objectives of the conference has been to build bridges among the various Marxist communities, including the breaking down some of the linguistic and intellectual barriers which continue to hamper the circulation and expansion of critical-Marxist thought. The fifth annual *Historical Materialism* Conference, under the banner of 'Many Marxisms', promises to continue and take forward this objective.

The conference is organised around three plenary sessions (the *Deutscher* lecture, the launch of the *Socialist Register 2009*, and *Historical Materialism's* plenaries) as well as workshops dedicated to specific themes. Some of the themes for the panels include: the financial crisis, ecology, Bolshevism yesterday and tomorrow, cognitive capitalism, racism, Italian workerism, utopianism, competitiveness, historiography, philosophy in the early Marx, the Venezuelan state, religion, urbanism, architecture, imperialism, the neoliberal state, art under capitalism, literature, film noir, revolutionary politics in the Middle East, theories of value, banking, the labour-process, Indian Marxism, and the Latin American left.

Attendance is free. However, the conference is largely self-funded and we will depend on voluntary donations by attendants and participants to support the organisation and running of the event. The **suggested advanced online donation** is £40 for waged and £15 for unwaged < <http://mercury.soas.ac.uk/hm/conference2008.htm>>, and the **suggested donation on the door** is £50 for waged and £20 for unwaged.

For logistical and other support, *Historical Materialism* would like to thank the School of Oriental and African Studies and the Centre for International Security and Diplomacy. For sponsorship, thanks to the Faculty of Law and Social Sciences at SOAS, SOAS Student Union, Brill Academic Publishers, the Deutscher Memorial Prize committee, *Socialist Register*, *Journal of Agrarian Change*, the International Initiative for the Promotion of Political Economy and Bookmarks.

Sincerely,

The Editorial Board of *Historical Materialism*

REGISTRATION: 9am – 10am SOAS Main Reception

NB: THE BRUNEI BUILDING IS DIRECTLY OPPOSITE THE MAIN ENTRANCE TO SOAS

SESSION ONE: 10am - 12noon
